

TAFT REACHES SUMMER HOME

President Greeted by Citizens
of Beverly, Mass., With
Much Enthusiasm.

FINDS WIFE MUCH BETTER

GAME OF GOLF FIRST ORDER OF
EXECUTIVE BUSINESS.

Beverly, Mass., Aug. 7.—President Taft reached his summer home at Woodbury Point at 8:30 a. m. today, being greeted by his entire family. The president came from Washington in a private car attached to the Federal express and was accompanied by his private secretary and Captain Archibald Butt, his military aide.

As he stepped from the train the president was greeted by an enthusiastic assemblage of citizens of Beverly, and also found waiting for him his sons, his wife and Mrs. More. The Taft party immediately entered an automobile and was whirled over to Woodbury Point, half a mile away.

The president said he had no plans for the summer except to obtain the maximum amount of rest, quiet and recreation, with a minimum quantity of state business.

It is expected the president will seek recreation in golf on the nearby links, motoring on the smooth roads of Essex county, a few excursions on the converted yacht Sylph and possibly a couple of fishing trips with the children.

Tender Greetings.

President Taft was particularly delighted to find that Mrs. Taft was in such improved health and was able to come to the station to meet him. He barely allowed the train to come to a standstill before he ran down the steps of the observation platform, hastening to the big touring car in which his wife and her sister were seated and fairly leaping into the car. The president embraced Mrs. Taft affectionately, and his beaming face showed his happiness at being freed from official cares and united with his family.

The executive force which accompanied President Taft from Washington has taken possession of the rooms assigned as the executive offices in the Board of Trade building.

It is understood President Taft will pay as little attention to official matters as he possibly can.

So eager was the president to resume his favorite sport that after a couple of hours with his family he started off for a round of golf over the links of the Myopia Hunt club, six miles away.

The president returned to Beverly later in the day.

NEW INCORPORATIONS.

The Oakland & Orchard company, organized at Salt Lake and taking over 20 acres of land in Douglas county, Oregon, on which there is an indebtedness of \$6,572 in payment of 15,000 shares of the total capital stock of \$50,000, in dollar shares, filed articles of incorporation yesterday.

There are 35,000 shares of treasury stock. Ralph Zwicky is president; A. J. Maclean, vice president; E. W. Rodgers, general manager and treasurer; John M. Hayes, secretary, and these, with Dr. F. E. Straup, are the directors.

The United Cigar Stores company, a New Jersey corporation, filed articles with the secretary of state, naming Heber M. Wells as the Utah agent.

The Thompson-Anderson Mercantile company of Sugar House, which will carry on a general mercantile and meat business, filed articles Saturday. Capital is \$10,000, in shares of \$100 each. Edward H. Anderson is president; Edward H. Anderson, Jr., secretary; William Thompson, treasurer and manager, and these, with Elijah and Jennett Thompson, are the directors.

The American Fork Realty & Brokerage company incorporated Saturday by articles filed with the secretary of state. Capital is \$10,000, in dollar shares. Alma Greenwood is president; J. F. Noyes, vice president; George E. Hemphill, secretary and treasurer, and these, with J. W. Storrs and R. W. Gardner, are the directors.

The Springfield Plumbing & Sheet Metal company of Springfield, Utah, filed articles with the secretary of state Saturday. Capital is \$10,000, in shares of \$5 each, of which 200 are paid up by the taking over from W. W. Harrington, who is made secretary and treasurer, and W. E. Grimm, vice president, of a general stock of plumbers and gas fitters' supplies. The other officers are H. E. Lawrence, vice president, and Samuel Dallin and W. B. McPherson, additional directors.

MARCUS AND MACK GET ENGAGEMENTS IN EUROPE

Tom McNamara, the former sporting cartoonist of The Herald, who subsequently went into vaudeville with a Philadelphia artist named Marcus Meyers, has gone to Europe to play an engagement in vaudeville. The team of Marcus and Mack was given its first trial in the Orpheum here and made an instantaneous hit, which was afterwards repeated at different cities through the west. The two young men sailed last week for Europe.

MURRAY.

William H. Burrows, a rural mail carrier on route No. 2, met with a serious accident this week. Mr. Burrows was driving along the street, when the shafts dropped to the ground, frightening the horse, which ran down the street at a lively pace. Burrows was thrown to the ground and when picked up was unconscious. He was carried into the residence of Solon Richardson and given medical attention. His injuries are painful, but not dangerous.

Will Green, Frank Shurtliff and Tom Laughlin were brought before Judge C. H. Banks on a charge of fighting. The three young men, to settle a dispute, endeavored to see who could inflict the most punishment upon one another. The fracas was waxing hot when they were arrested by a member of the city constabulary. All pleaded guilty and Green was fined \$10, while the other two drew fines of \$5.

Dr. R. R. Kennedy is Murray's city physician now. Dr. Kennedy takes the place of Dr. A. A. Bird, who resigned.

Officials of the A. S. & R. company have agreed to give the city \$5,000 as their portion to have second avenue opened and Germania avenue closed. City Attorney Moffat is looking into the matter and will submit his report to the city council at the next session.

Sylvester Bradford will assume the duties of superintendent of the Mountain Trout company here. The hatchery has been enlarged, increasing hatching facilities.

LIFE OF A PIMPLE

Complexions Are Cleared and Pimples Disappear Overnight Without Trouble.

The dispensers of poslam, a new skin discovery, ask that notice be given that no one is urged to purchase it without first obtaining an experimental package. Everyone who has tried it knows that the fifty-cent box on sale at the F. J. Hill Drug Co., and all drug stores, is sufficient to cure the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, tetter, blotches, scaly scalp, bites, barbers and every other form of itch, including itching feet. Being flesh-colored and containing no grease, the presence of poslam on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it as these irritate and prolong skin troubles, sometimes even causing them.

As to the experimental package of poslam, it can be had free of charge by mail of the Emergency Laboratories, 32 West Twenty-fifth street, New York. It alone is sufficient to clear the complexion overnight, and to rid the face of pimples in twenty-four hours.
